## DETAILED ACTION

### *Response to Amendment*

Applicant's amendment, received 1-26-2007, overcomes the examiner's prior art rejection. Hence claims 1 and 28-29 are allowed while claims 2-27 have been cancelled.

### *Allowable Subject Matter*

The following is an examiner's statement of reasons for allowance:

1. The applicant has amended the claims to recite highly detailed designs not found, either alone or in combination, in the prior art of record.

2. Claim 1 states:

1. (Currently Amended) A method, comprising: determining at least two presence rules, wherein each presence rule comprises at least a condition and a state, wherein a first condition is based on a location of a mobile device, wherein the location is a specific room, and wherein a second condition is based on a calendar, including a specific time when the mobile device is to be in the specific room; wherein determining the at least two presence rules comprises querying the mobile device for the at least two presence rules; based upon a current time and a current location of the mobile device, determining whether the first and second conditions are met, including whether the mobile device is inside or outside of the specific room at the current time; wherein the current location of the mobile device is determined using a hotspot-access point with which the mobile device communicates; when either or both of the conditions are met, updating presence information for the mobile device with the corresponding states; wherein if the mobile device is inside the specific room at the current time, indicating that the mobile device should not be disturbed; and wherein if the mobile device is outside the specific room at the current time, indicating that the mobile device is available.

3. The underlined phrases/teachings are not found in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
